Performance data quoted represents past performance which is no guarantee of future results. Investment return will fluctuate. The value of an investment when redeemed may be worth more or less than the original cost. Current performance may be higher or lower than performance stated.

For more information, see the TexPool Information Statement available on the TexPool web site, www.texpool.com. You should consider the investment objectives, risks, charges, and expenses carefully before you invest. Information about these and other important subjects is in the Information Statement which you should read carefully before investing.

An investment in the security is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the issuer seeks to preserve the value of an investment at \$1.00 per share, it is possible to lose money by investing in the security.

- (1) "WAM Days" is the mean average of the periods of time remaining until the securities held in TexPool (a) are scheduled to be repaid, (b) would be repaid upon a demand by TexPool, or (c) are scheduled to have their interest rate readjusted to reflect current market rates. Securities with adjustable rates payable upon demand are treated as maturing on the earlier of the two dates set forth in (b) and (c) if their scheduled maturity is 397 days or less; and the later of the two dates set forth in (b) and (c) if their scheduled maturity is more than 397 days. The mean is weighted based on the percentage of the amortized cost of the portfolio invested in each period.
- (2) "WAM Days" is calculated in the same manner as the described in footnote 1, but is based solely on the periods of time remaining until the securities held in TexPool (a) are scheduled to be repaid or (b) would be repaid upon a demand by TexPool, without reference to when interest rates of securities within TexPool are scheduled to be readjusted.
- (3) All current yields for TexPool Prime, for each date, reflect a waiver of some of all management fees.
